

Ⓐ Softly, as in a morning sunrise,  
The light of love comes stealing  
Into a new born day. Oh!

Ⓐ Flaming with all the glow of sunrise,  
A burning kiss is sealing  
The vow that all betray.

Ⓑ For the passions that thrill love  
And lift you high to heaven  
Are the passions that kill love  
And let you fall to hell!  
So ends each story.

Ⓐ Softly, as in an evening sunset, ①  
The light that gave you  
Glory will take it all away!
